

Getting Started with [Diffit.me](https://web.diffit.me/)

Diffit is an AI-powered tool that provides teaching resources on a given topic, article, or video for a particular grade level. It helps the teachers create differentiated classroom activities by easily converting any content to all reading levels.

1. Go to <https://web.diffit.me/> and From the Homepage, Click on **Teachers Start Here**.

2. On the next page, you can provide your topic or question, select the grade level and click **Generate Resources** to get the resources.

The screenshot shows the 'Get leveled resources for...' form. At the top is the heading 'Get leveled resources for...'. Below it are three tabs: 'Literally Anything' (selected), 'An Article or Video (URL)', and 'Any Text or Excerpt'. The form contains two numbered steps: '1. Search for a topic, term, or question here. Be as specific as possible!' with a text input field containing the example 'Enter topic here (e.g. "Mitosis", "Why didn't the U.S. participate in Treaty of Versailles?")', and '2. Choose an approximate reading level for the output:' with a dropdown menu set to '5th Grade'. At the bottom of the form is a green button labeled 'Generate Resources →'. The footer of the form includes the 'Tango' logo on the left and 'Created with Tango.us' on the right.

3. You can click on **An Article or Video (URL)** to create the lesson on an article or video

This is a close-up screenshot of the 'Get leveled resources for...' form, focusing on the tabs. The heading 'Get leveled resources for...' is at the top. Below it are three tabs: 'Literally Anything', 'An Article or Video (URL)' (which is highlighted with an orange border), and 'Any Text or Excerpt'.

4. Put the **URL** in the box and **select the grade level** you want the resources for.

Get leveled resources for...

Literally Anything

An Article or Video (URL)

Any Text or Excerpt

1. Paste the URL of an article, PDF, or YouTube video here. We'll adapt it for any reading level, and then some!

https://www.youtube.com/watch?v=oV74Najm6Nc&pp=ygUXYXJ0aWZpY2lhbCBpbmRlbGxpZ2VuY2U%3D

2. Choose an approximate reading level for the output:

5th Grade

2nd Grade

3rd Grade

4th Grade

5th Grade

Generate

5. Click on **Generate Resources**

Literally Anything

An Article or Video (URL)

Any Text or Excerpt

1. Paste the URL of an article, PDF, or YouTube video here. We'll adapt it for any reading level, and then some!

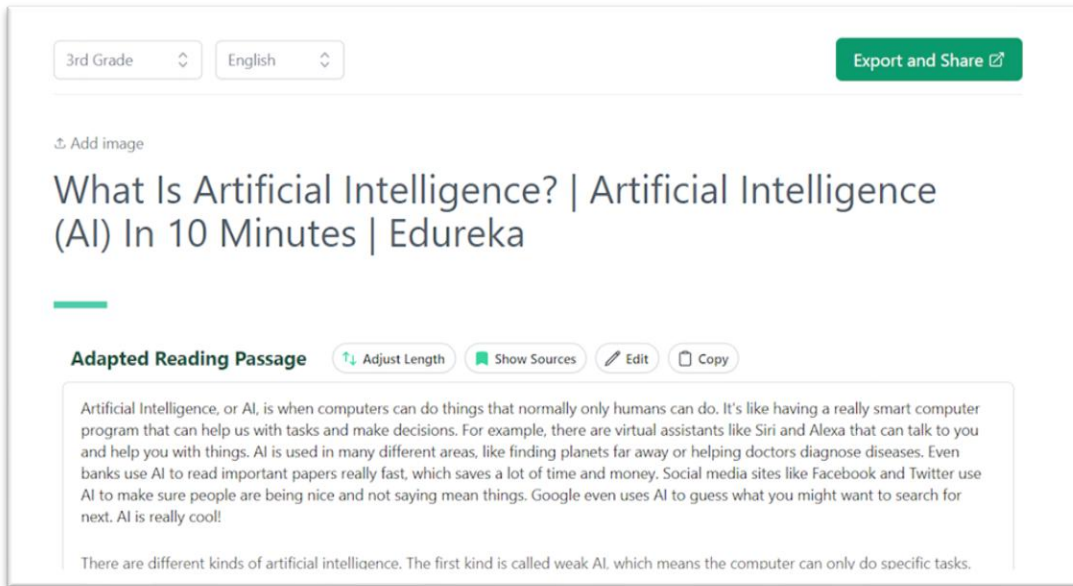

https://www.youtube.com/watch?v=oV74Najm6Nc&pp=ygUXYXJ0aWZpY2lhbCBpbmRlbGxpZ2VuY2U%3D

2. Choose an approximate reading level for the output:

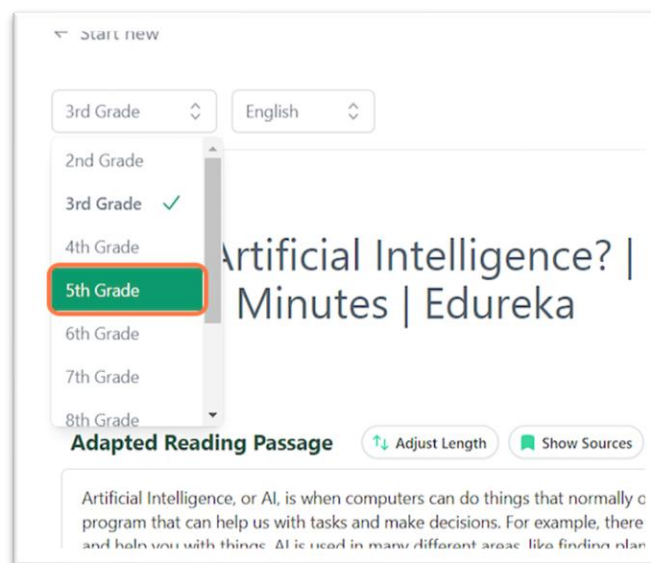

3rd Grade

Generate Resources →

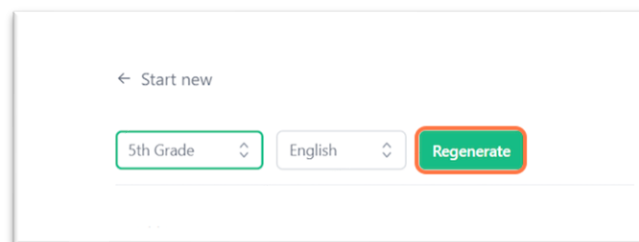

6. Resources will be generated like this:

7. If you want to generate the same resources for another grader, click on the Grade level option and choose a new grade

8. Click **Regenerate** to get the resources for the new grade level. The resources will be regenerated according to the new grade level.

9. You may not get full access to the resources without signing in. To sign in, click on Log In from the upper right side of the page and sign in with your Google Account. The resources will be available for you to edit, share and export.
